2022 Sonoma Coast Pinot Noir

SONOMA COAST, CA

Not Yet Rated

ABOUT THIS WINE:

The 2022 Sonoma Coast Pinot Noir sings with lifted aromatics of black cherry, raspberry, nori, pine forest, clove and lilac on the nose. The palette is layered and fresh, with flavors of red and black fruits, sage, cedar, baking spices, rose, and black tea underpinned by a vibrant, velvety texture and a long finish.

This is a delicious wine that is on par with wines well above its price. It is substantial in weight on the palette, while still being approachable and well-proportioned. Easily enjoyed in the near to mid-term, yet will also cellar well.
